BOW

What King & Miranda created for Snowsound is a system of modular sound-absorbing elements, inspired by the shapes of the hulls of ships. The Bow product family consists of two elements, each of which boasts a sculptural, raised profile that creates an air gap between the panel and the wall. This gap, and the patented Snowsound acoustic technology of the panel, increases the acoustic performance significantly; it serves as a sound trap. Bow's two shapes—Hourglass and Shield—are modular, complementary, and can be nested together like precisely machined puzzle pieces. Hourglass and Shield become forms that can be combined into infinitely intriguing compositions. Give your creativity a voice with an acoustic solution that looks as exquisite as it sounds.

- Polyester internal padding with Snowsound technology, polyester covering in Trevira CS® fabric
- Single material and 100% recyclable
- Eco friendly - Greenguard Gold
- Patented variable density composition
- Class A sound absorption with NRC 1.0 (ISO 354/ASTM C423/ISO 11654)
- Absorbs 94% of human speech frequencies
- Class A fire and smoke safety (UL 723/ASTM E84)
- CAL 133, 117 pass
- 3D dimensional composition with sleek profile. Max panel thickness 1.4".
- Wall mounted

NEW

HOURLGLASS

LIST PRICE: \$770.00

14" x 29" PANEL SIZE, INCLUDES MOUNTING HARDWARE

COLOR	PART #
	WHITE 40046005

For **direct surface mounting** on wall.

SHIELD

LIST PRICE: \$830.00

18" x 38" PANEL SIZE, INCLUDES MOUNTING HARDWARE

COLOR	PART #
	WHITE 40046006

For **direct surface mounting** on wall.

BOW WALL TYPICALS

NEW
